In my work as a DevOps engineer, I push to make configuration or infrastructure as a code, try to automate manual processes and at the end to continuously deploy changes. Furthermore I am interested in E2E architecture of IT & Network systems and new technologies, especially connected with Cloud.

Experience

- DevOps Engineer**
ING Tech Poland
II 2021 - now
 - delivering SAS platform by configuration as a code
 - automating administrative tasks
 - being a Scrum Master
- DevOps Engineer**
Exatel
XI 2020 - I 2021
 - administration of CI/CD platform
 - deploying solutions that facilitate the work of the development team
- Network Architect**
Orange Polska
VII 2011 - X 2020
 - automation of the process of configuring one of the new services in the production network by extending the self-made web application with the possibility of configuring the network via the platform API
 - performing AAA audit during onsite mission and preparing recommendations to solve the problem in the Orange Jordan network after massive PPP session disconnections
 - migration of AAA platform in Orange Poland network for fixed Internet access services
 - designing and deploying REST API for AAA platform and LDAP directory
 - deploying AAA platform for Internet service provider SONATEL in Senegal and OTN in Tunisia with conducting training in Dakar and Warsaw
 - deploying new solutions in Orange Poland network (e.g. IPv6, RFOG)
 - launching of trails for new services in Orange Poland network (e.g. FTTH, DOCSIS)
- Service platforms specialist**
Telekomunikacja Polska
XI 2008 - VI 2011
 - developing web application for managing IP address and generating configuration for devices in network
 - development of AAA platform for B2C and B2B subscribers
- IT administrator**
Sollers Consulting
IV 2008 - X 2008
 - administration of LAN network and servers
- C# programmer**
Gemius
III 2007 - III 2008
 - developing an application used in the Megapanel PBI research

Education

- Wojskowa Akademia Techniczna w Warszawie** – 2004-2009
 - master degree: computer science,
 - specjalty: ICT networks
- Polsko-Japońska Wyższa Szkoła Technik Komputerowych w Warszawie** – 2011-2012
 - postgraduate studies:
 - mobile communication networks
- Udacity** - 2018
 - Mobile Web Specialist Nanodegree Program
- Orange France** - 2019
 - Overall Architect Training
- Droga Nowoczesnego Architekta** - 2020
 - online program
- Professional Scrum Master I (PSM I)** - 2021
 - certifications earned

Python, Ansible, Linux, Git, Azure DevOps, Docker, Kubernetes
